**Please support us on Friday 09<sup>th</sup> October to raise awareness and vital funds either for your children's palliative care service or for ICPCN.**

The HatsOn4CPC Annual Campaign takes place every second Friday in October to raise international awareness of the 21 million children worldwide who would benefit from palliative care and to help to close the gap for the 90% of these children who are unable to access this vital support.

HatsOn4CPC is an opportunity not only to wear a hat to raise awareness of these issues, but also to raise vital funds – either for your own children's palliative care service or for ICPCN.

Making a donation to support the work of the ICPCN will enable us to continue our important work to ensure access to palliative care for all children globally. Whether this is by providing education and training to thousands of healthcare professionals or enabling us to support the strategic development of children's palliative care in different settings every donation – large or small – will make a huge difference to the ongoing development of care for the world's most seriously ill children.

To make a donation please visit [our website](#).
